MAVO**MASTER** Release Note

Firmware V 1.0.5

Bug fix for firmware version V 1.0.4.

Changes in this version

- In the log interval, the seconds can now be set to 0 if the minutes are > 0.
- The data logger (LOG) and grid (GRID) measuring functions no longer break off sporadically.

Firmware V 1.0.4

This firmware version was delivered with the first MAVOMASTER deliveries.
